

Bay C. C. To Work For Changing City Council Districts

ALSO RECOMMENDS NEW
STREET BUS SERVICE
IN POINT LOMA AREA

Mission Bay Chamber of Commerce, at the September general membership meeting, held at the Ocean Beach Elementary school, passed a motion made by Carl Schroder that this organization work for re-districting the city council districts. The change to be asked is in order to campaign for one councilman to represent only the Mission Bay area communities, consisting of Ocean Beach, Mission Beach, Pacific Beach and Bay Park Village.

After explaining something of the procedure necessary for changing councilman district boundaries, President Steven Young announced that he would name a committee to carry on the campaign indicated.

Young pointed out that Ocean Beach was practically split into two councilman districts in 1945 and now is represented by two councilmen, G. C. Cray and Chas. Wincote, whereas previously Cray was the only councilman representing Ocean Beach.

Luckel Favors New Bus Service
Guest speaker for the evening was Capt. Frank Luckel, the local assemblyman in the state legislature. Luckel was present to explain his campaign for additional bus service for the Point Loma area. He recommended that a new bus line to and from downtown be run on Catalina Blvd. He pointed out that several hundred families, now living in this rapidly growing part of Point Loma, are entirely without convenient bus service. He asked for help to circulate petitions to be directed to the mayor and council urging the new service.

At conclusion of his talk the group passed a motion recommending that new bus service be provided for the Point Loma section.

ROY HAMMONDS RETURN FROM 3200-MILE JAUNT

Mr. and Mrs. Roy Hammond and son Don Roy and daughter Anne of 4485 Pescadero Ave. returned Friday from a 3200-mile motor trip to Denver and Fort Collins, Colo. At Denver they were guests at the home of Mr. Hammond's brother and his wife's sister and also had the pleasure of a visit with his parents and a sister who had come from their home in Kansas for the family reunion. At Timnath, near Fort Collins, they visited several days with Mrs. Hammond's mother and another of her sisters.

Commenting on the trip, Roy reports that they found U. S. Highway 66 the most crowded of any of the main roads. From Fort Collins they came home via Estes and Rocky Mt. National park in Colorado.

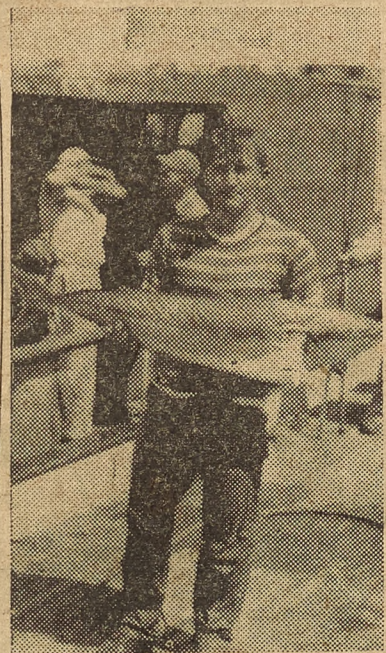

On Monday Roy resumed his duties as secretary of the Chula Vista Chamber of Commerce.

Lions Club Sees Pictorial Film On State Centennial

Miss Claire Leroy of North Park, chosen "Fairness of the Fair" in the recent county fair beauty contest, was a special guest of the local Lions club when the group met September 4 at the Community Recreation center. Her presence there was primarily for the purpose of inviting the members of the Ocean Beach club to the horse show which is being sponsored by the Lions club of North Park on September 14.

Other guests at the meeting included Dr. Lloyd Gillin of Ocean Beach, Harry V. Kay of the Ocean Beach Police Force, Joseph Calabrese of the Pacific Center Cafe and Bruce Vegely of the Standard Oil company. Mr. Vegely was guest of honor for the evening, showing a film entitled "California Centennial," a pictorial review of scenery in the state. Messrs. J. Hodge and G. Hart, both of North Park, also were guests of the lodge for the meeting.

The club decided that boxes and signs would be provided for merchants who are Lions, to be placed in their places of business to receive the clothing and other provisions being collected by the club for relief of an English village. The general public also will be invited to help fill the boxes and thus help the village.

W. L. HOFFMAN, of 4374 Temecula St., Ocean Beach, who won first prize in the first annual Yellowtail Fishing Derby, sponsored by the San Diego Junior Chamber of Commerce. Mr. Hoffman landed the largest yellowtail on Derby Day, Aug. 30. He pulled in a 26 pound, 8 ounce fish from the "Dee Jay", entitling him to the 1947 Dodge which was offered as first prize. The contest rules provided that the 300 fishermen landing the largest fish during the summer months would be eligible to compete on Derby Day, and the sportsman taking the largest fish on that day would be awarded first prize. The largest yellowtail brought in during the summer was a 47 pound, 5 ounce fish landed by Herbert Conser, U.S.N.

In addition to the abalone steaks, the boys and girls polished off three gallons of ice cream, a great many potato chips and other refreshments. Wood for the campfire was provided by "Mouse" Robb.

The association is headed by Clark Eichelberger, one of the four speakers who was on the "Town Meeting of the Air," noted radio program, when presented at the Russ auditorium in San Diego this week.

Kiwanis To Hold Father-Son; Also Daughter Meeting

Ocean Beach Kiwanis club plans an unusual meeting for next Tuesday evening. Besides the usual father-son meeting this also will be a father-daughter meeting, the idea being that if the father Kiwanian does not have a son to take as a guest that he can take his daughter, or vice versa. As usual, the meeting will be held at Wallace hall, and a program of special interest is being arranged. Program Chairman Dave Chandler announces that William Murphy, head of the F. B. I. in San Diego, will be a speaker; and Rodney Pease, F. B. I. pistol shooting instructor, will demonstrate his instruction technique.

Annual Meeting Oct. 7

President Henry Holman announced that the club's annual meeting for the election of officers will be held Oct. 7. In preparation for that event, he announced that the nominating committee this time will include Past Presidents Martin Murphy, Jerry Sullivan, Glenn Jones, Clarence Swenson and Taylor Wright.

At Tuesday's business session, also, Carl T. Oberg, Ocean Beach painting contractor, was introduced as a new member by Heber Hartvigsen and was inducted into membership by Paul Hendrickson.

Sam Lipsett of San Diego, head of the San Diego Business Register, was the speaker, and his subject was "Selling San Diego-Ocean Beach." He was introduced by Program Chairman Chandler. Lipsett said that "my conviction is that Ocean Beach has never learned the first principle of salesmanship. Unless you make the beach attractive Ocean Beach is going to deteriorate. Only one attraction has been put here by man and that is the shopping district." He advocated particularly that Ocean Beach adopt a long range planning program.

Report On Route To Mission Beach Given Membership

CHAMBER OF COMMERCE
HOLDS NOON LUNCHEON
MEETING AT CLUBHOUSE

Featuring the September meeting Monday of the Ocean Beach Chamber of Commerce was a detailed report from the Civic Affairs committee on the city's proposed new route from Ocean Beach to Mission Beach, together with the changes as proposed by the city. The matter is in status quo waiting, locally, for the accredited representatives of all the various clubs and other civic organizations of Ocean Beach to append their signatures to a statement of the Ocean Beach position prepared by the committee. This statement is at the office of the Chamber of Commerce in the Strand theatre building. Several of the civic organizations have signed the statement, but C. of C. Secretary Rolin Shaw points out that others have not yet come into the office to sign, and he urges that they do so at the earliest moment possible.

The Civic Affairs committee has prepared the statement at the request of City Planning Director Glenn Rick and the committee is anxious to have the statement turned over to Rick within the next few days. Accordingly, every club and other organization that had representatives at the general meeting held recently at the Community Recreation center, as well as other local organizations interested, is asked to call promptly at the Chamber of Commerce office and sign the statement.

Lancaster Gives Report

Report of the Civic Affairs committee was given by Chairman Milton Lancaster at the general membership meeting, held as a noon luncheon meeting at the Woman's clubhouse. The new plan of holding the membership meeting at noon was tried (Continued on Page 4)

City Crews Put On Seal Coat of Oil Here This Week

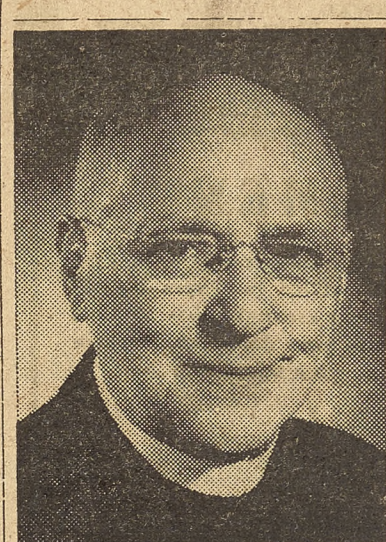

Newport Avenue has been considerable of a mess under foot for several days. Evidently though it's all in a good cause since it is a necessary preliminary to the painting of the parking stripes in the local business district, according to Verne Parker, assistant director of public works.

Parker informed The News Saturday that the seal coat of oil, which is the cause of the messy footing for pedestrians and messy traveling for cars, is needed before the painting can be done. "Soon as the seal coat of oil has set, we aim to paint the stripes for parking diagonally, and that painting likely will not take more than half a day," he said.

W. H. MARTIN AND FAMILY HOME FROM 8500-MILE MOTOR JOURNEY TO EAST

Mr. and Mrs. W. H. Martin and daughter, Julia May, of 5022 Niagara Ave. have returned from an 8500-mile motor trip to the East, via Mesa Verde National Park and the historic mining camps of Fairplay and Alma in Colorado. They also visited friends in Colorado Springs. At the Union Printers' Home. At Cleveland they attended the convention of the International Typographical Union as visitors. Leaving Cleveland, they visited Niagara Falls, Hamilton and London, Ontario, the locks at Sault Ste. Marie in northern Michigan, across Wisconsin and Minnesota to the Black Hills of South Dakota; thence Glacier National Park, followed by Yellowstone Twin Falls, Idaho, and Reno and Virginia City were next and they came home via Highway 395 down the east side of the High Sierras. One puncture was the only casualty. They found the hot, "sticky" atmosphere of the East quite uncomfortable, and are glad to be back in the cooling breezes of Ocean Beach once more.

\$112,000 Physical Education Unit Under Construction At High School

(Studio of the Cliffs)

CONTRACT CALLS FOR
2-STORY BUILDING TO
BE COMPLETED NOV. 24

Construction work on the new \$112,000 Physical Education building on Point Loma High school campus is believed to be up to schedule, Principal L. L. Bloomshine informed The News Thursday.

The work started in June and has been under way all summer, and the schedule with Contractor Curry calls for completion by Nov. 24, he said.

This is the first of the new buildings contemplated by the City's school board in the building program for the local high school. Principal Bloomshine understands that the "money has been allocated" for the long hoped-for and much-needed high school gymnasium. Whether construction will start this school year on this, the largest of the items on the local building program, remains to be seen, though the principal indicated that he had some reason to hope that a start will be made before the end of the 1947-48 year.

Floor Space Totals 10,000
Floor space of the two stories of the building now under construction, Principal Bloomshine said is 10,000 square feet. The structure is located at the west end of the athletic field, next to the Chatsworth Blvd. side of the campus.

Two main purposes are indicated for the new building. The first floor will be used for the high school R.O.T.C. armory, and the second floor entirely for the shower and locker rooms for the athletic teams. For their convenience entrance and exit will be on the athletic field. Necessary offices, also a classroom, are included in the plan for the new building.

Running Track Extended
On the athletic field, present new improvements also include extending the running track to make it full one quarter mile, regulation length. Also the football field, inside the track, has been given a new turf surfacing.

Norma Jean Studies Marine Life In Florida Aquarium

This week we follow Norma Jean Belloff up Florida's "gold coast," to Miami, where she worked for awhile. Norma, daughter of Mr. and Mrs. F. H. Belloff of 2111 Mendocino Blvd., is on a bicycle trip which has taken her across the continent since she left Ocean Beach last January. Excerpts from her letters to her mother follow:

On the Way to Palm Beach
Dear Mom,
Here I am again, zipped safely in my hammock. Yesterday was wonderful, last night was wonderful, today was wonderful and "surely goodness and mercy will follow me all the days of my life." (I re-learned the 23rd Psalm while on the road between Tallahassee and Fonticello. How can anyone be afraid knowing I am believing!)

The sun is just going down, but how different is the spot—it golden light illumines. From my palm nest I'm hanging about a foot above a leaf and needle.

**Veteran Pacific
Beach Publisher
Dies at Age of 73**

The publishing world of San Diego County this week noted with sorrow the passing of Robert "Bob" Graham, 73, veteran newspaper publisher of Pacific Beach who died September 5 after a three days' illness. Publisher of the North Shore Sentinel for 30 years, he had been active for years in community affairs of San Diego and Pacific Beach.

He was a life member of the Pacific Beach Chamber of Commerce, a charter member of the Pacific Beach Exchange club, a charter member of the San Diego County Fair Board, a member of the San Diego County Development Federation, and an original member of the Board of Freeholders in San Diego while the city charter was being drafted.

Throughout his career he campaigned ardently for improvement and development of the beach area. He was instrumental in the construction of Crystal Pier, where he promoted annual flower shows for many years.

He originated the Easter sunrise services on Mt. Soledad and was one of the founders of the San Diego County fairgrounds at Del Mar. His interest in the beach area extended to other such projects as the Pacific Beach fiesta.

Mr. Graham came here in 1912 from Louisiana after resigning as an executive with the Standard Oil Company. He settled in Pacific Beach and a few years later became publisher of the Sentinel. In 1945 he sold the paper to Paul Baker.

Funeral arrangements were made by the Pacific Beach Mortuary and services were held Tuesday at the Community Presbyterian church in Pacific Beach. Both Rev. H. W. Van Delinder and Rev. Jack Taber paid tribute to Mr. Graham. Interment was in Greenwood Memorial Park.

He is survived by five children including a son, Paul Graham and a daughter, Roberta Graham, both of Pacific Beach.

**CHRISTIAN HOME MAKERS
CLASS HEARS REPORTS BY
COMMITTEE CHAIRMEN**

Several reports were presented by committee chairmen September 5, when the Christian Home Makers class of the local Baptist church met in the church, President Mrs. Minnie McDonald, chairman of the visiting committee, delivered her report to the group as did Mrs. Nellie Burt, publicity chairman. The picnic held August 19 in Presidio Park was reported a success.

The meeting was enlivened by a vocal solo by Mrs. Eileen Wright, who sang "I Heard a Forest Praying." Mrs. Eva Bolton led the devotionals and Mrs. Alice McKenzie, club secretary, read the minutes of the last meeting.

Mrs. Charlotte Runk, chairman of the sewing committee, invited the members at her home, 4744 Santa Monica, September 9 and again September 17 to finish work for the forthcoming bazaar.

Water color paintings were awarded as prizes to the winners of a game introduced by Mrs. Minnie Purdy and Mrs. Ellen Iott.

The meeting welcomed three visitors: Mrs. Eileen Wright of San Diego, Mae Trimble of Nathech, Miss. and Mrs. Rose Scott of Laguna Beach.

Hostesses were Mrs. Ruth Brady and Mrs. Minnie McDonald. The next meeting of the group is scheduled for October 3 at 8 p. m.

**MRS. IDA LOUISE BRYANT
DIES IN HER HOME ON
SEPT. 8 AT AGE OF 61**

Funeral services were held yesterday (Sept. 11) at Bonham Brothers Funeral Home in San Diego for Mrs. Ida Louise Bryant, 61, who died at her home, 4820 Orchard on Sept. 8. Rev. S. Dean McBride officiated.

A native of Wisconsin, Mrs. Bryant came to California in 1914 with her husband. In 1920 the couple moved from Los Angeles to San Diego and have resided here since. She was born in Wisconsin Feb. 13, 1886.

Mrs. Bryant is survived by her husband, William C. Bryant; a son, David Clair Bryant of Hanford, Calif.; three sisters, Mrs. Bertha C. Browning of San Diego, and Miss Minnie Gerlach and Mrs. Margie F. Oetting, both of Wisconsin; a brother, George F. Gerlach of Milwaukee, Wis.; and two granddaughters, Margaret and Catherine Bryant, both of Hanford.

Mrs. Katherine Rigg of 4835 Saratoga entertained during the week-end of Sept. 5-7 for Mrs. Johanna Allen, formerly of Amsterdam, Holland, now a resident of Alhambra, Calif. Mrs. Rigg and Mrs. Allen first became acquainted when they were next door neighbors in Goldfield, Nev. 40 years ago.

padded ground. The thickness of the trees (oak, palm, magnolia and pine) and viney undergrowth completely secludes my camp. The little bonfire I built to roast my supper, is crumpling in its sand bowl and sending a sweet scented lazy blue spiral, up thru the forest roof to join the clear blue beyond. Thru the omnipresent cricket songs and soft bird trill—like a distant train roaring past—comes the rumble of the sea. My steed rests her metal body proudly on her own stander, adorned with my skirt, blouse and straw hat—which reminds me, I never did tell you how I got my new straw hat. On the way out of Jacksonville, I was wishing I had a larger hat that would shade my burning neck. About the time I decided to buy a straw one as soon as I could, a spot of straw beckoned from a clump of grass by the road. I picked it up and despite the dangers of dandruff or cooties, clamped it on my head in place of my red cap. Now tell me why that hat (slightly frayed but just what I wanted) should have been right at the spot where I wished for one? In all the rest of the three thousand plus miles, that I've rolled over I didn't see one other straw hat!

I feel as tho I've learned quite a bit today—for six hours I studied the Marine studios—the world's only Oceanarium. Now I know for sure that the fish that followed me in to shore at the Pensacola beach was not a barracuda. The barracuda is a long slender fish with a number of black marks and very prominent teeth. It was more likely just a curious porpoise.

The booklet I'm sending gives you a good idea of what I saw for \$2.00. I asked to work for my entry fee, but was told there wasn't anything I could do.

Did I tell you about the little, ten inch long, black and white fish that got so friendly in the Gulf? You'll see him in the booklet—name, shark remora, habit, adheres to larger fish for free transportation. (Mom, do I look like a larger fish?) I believe I can identify a Parrot Fish, Angel Fish, Common Jack, and Box Fish and distinguish three species of sharks—Nurse, Sanbar and Tiger. I talked with the diver who feeds the fish underwater and the slim sailor suited fellow who feeds the porpoises and other fish on top and asked questions of everyone who looked as though they could answer me.

I'll never again mistake a porpoise for anything else.

Love, Norma

Miami, Aug. 16, 1947

Dear Mom,
Am in Miami, looking for work and a room. I cycled right straight down Florida's "Gold Coast." Wonderful trip. Lost fourteen pounds since Madison. Wish you could see my tan and slimmess. Am O.K. and happy beyond measure!

Love, Norma

How
to climb a
telephone pole

One move at a time is the best advice, any telephone lineman will tell you. While you're moving your feet upward and setting your gaffs, concentrate on the job of climbing safely. After reaching the working level, place your safety strap in position around the pole and make sure it is properly engaged with the body belt. Then lean back in your safety belt and go to work.

But it takes practice... and here's where the telephone linemen get it—at one of our 20 special training schools on the Coast. In two years, 5,000 new craftsmen, nearly all of them war veterans, have learned the ABC's of pole climbing at these schools... more men than we've ever trained before in a similar period.

They've joined 20,000 plant telephone men in the big job of catching up with the West's tremendous growth. More than a million miles of wire will be placed this year as a part of that job... a new record. We're going ahead as rapidly as we can to bring you an expanding, improving telephone service.

New Working Dollars... Millions of new dollars needed to build buildings and buy new equipment to meet the public demand for more telephones and more service do not come from tele-

phone bills. New dollars come from people who are willing to put their savings into the business. We must earn enough to attract these new working dollars.

**Free Classes In
Economics Slated
For Ocean Beach**

This fall marks the inauguration of free classes in Fundamental Economics in Ocean Beach, announces Mrs. Bessie Beach Truehart, the director. They will be under the direction of the Henry George School in San Diego she says, itself an extension of the Henry George School of Social Science in New York, chartered by the Board of Regents of the University of the State of New York, having as its honorary president Professor John Dewey.

The class will meet each Tuesday at 7 p.m., for a two-hour session, over a period of 10 weeks, starting next Tuesday, Sept. 16, in Room 2 of the Community Recreation Center, Ebers St. and Santa Monica Ave. Basic laws and principles underlying our Democratic system, with reference to present day problems, will be discussed, says the director. The text used is by Henry George, American economist, of whom Clarence Darrow said, "Henry George wrote a profound book, the first and perhaps the last book on political economy that is readable to plain ordinary men."

The late General Joseph H. Pendleton, whose name Camp Pendleton bears, was a sponsor of the school during his lifetime, and the position he left is now filled by his widow, Mrs. Mary F. Pendleton of Coronado.

This course is open to the public, there is no tuition charge and further information may be obtained by calling F-0779, announces Mrs. Truehart.

BACK TO SCHOOL

At first glance there appears to be no logical connection between the opening of school here the 15th for the fall term and the increasing gravity of world conditions. But there is a connection.

America today is at war—not a shooting war, to be sure, but a very real war just the same. It is, as we know, a war of ideologies. Totalitarianism in one form or another—particularly communism—is being aggressively thrust before the American people as a type of government superior to democracy and as a cure-all for economic problems.

While few of us may fear that foreign "isms" will ever make substantial headway in our country, they are not to be taken lightly. One of the most effective bulwarks against their inroads is education. If our youth are fully informed on the meaning of democracy and the value of our democratic institutions the tide of aggressive propaganda will beat in vain on our shores.

But to provide a complete education for their children is difficult for a good many families. The cost is not cheap, and family finances are put under a strain at times to meet it. Nevertheless, an ever-increasing number of American parents are seeing to it that their offspring get to college. Often this requires a strict household budget to make it possible.

Many parents recognize that the future of America, as well as the future of their children, largely depends on making full use of our educational facilities. They are more willing than ever, therefore, to make the necessary sacrifice to properly educate their children.

How well we train our youth today will largely determine how well they'll be able to cope with the problems of the world tomorrow.

CONSTITUTION DAY

On September 17, 1787 a document was completed which was then, and is now, the outstanding work of its kind in the world. That document was the Constitution of the United States.

The high concept of law and government and the clear statement of that concept as set forth in the Constitution is all the more remarkable because it was hammered out by a group of men whose views were in frequent and bitter conflict.

Through 160 years of peace and war, through good times and bad, the American Constitution has met the challenge of the times. It has shown that the basic laws of justice and freedom do not become outmoded with the years, that the rise of "new" political theories such as fascism and communism have nothing in them to compare with the simple, majestic operation of government "of...by...and for the people."

Now, more than ever, however, we need to be reminded that the Constitution is a living document only insofar as the people of this Nation live it day by day. This means heeding its provisions both individually and collectively. It means carrying out the spirit as well as the letter of the Constitution.

MRS. R. N. NOONAN, OCEAN BEACH WOMAN HELPS WITH LA JOLLA FASHION SHOW

The Mission Beach Junior Women's club members who report they have been busy all summer planning their Fall Fashion show and Benefit bridge party, announce that it will be held (Friday) evening at 7:30 p. m. at the La Jolla Women's clubhouse, 715 Silverado.

A La Jolla smart shop is sponsoring the Fashion show, and Molly Forse, county junior advisor will be commentator.

After the showings and dessert, card tables will be set up for those who care to play. Mrs. R. N. Noonan of Ocean Beach, chairman of the prize committee, has arranged novel and attractive prizes for the card playing and home-made cookie sale.

Reservations may be made by contacting B-5592, announced those in charge of the event.

ECHOES OF THE PAST

From The News of Sept. 17, 1927
A letter to The News, signed "Point Loma Beach," urged adoption of that name to replace "Ocean Beach." Quite an idea, but as time was to prove, it didn't strike a responsive chord in the settled ways of Beach folk.

James Dougherty, proprietor of a new service station and garage at the corner of Santa Monica and Bacon Streets, offered \$5 in gold to the winner of a contest to find a name for his establishment. Tune in next week to see what happened.

The Bank of Italy inaugurated a travel bureau which promised to arrange any kind of trip "from a world cruise to a jog in an Irish jaunting car." It featured a special department to handle air travel, at the customer's own risk, presumably.

Dr. I. W. Parks of St. Paul, Minn., arrived in Ocean Beach to practice dentistry with Dr. W. F. Bush in the Kraft building offices.

To honor Charles Lindbergh, who had recently flown the Atlantic in his blithe Spirit of St. Louis, Beach residents were urged to send as much mail as possible by air.

Master Sergeant Daniel H. O'Brien, who has been stationed in this area for the past five years, and has numerous friends here, recently returned from the Army Ordnance school at Aberdeen, Md., after successfully completing a specialized course. For his meritorious services while he was stationed at Fort Rosecrans, Headquarters Sixth Army has approved the award of the Army Commendation ribbon to him. GEORGE HARTS MOVE TO LOMITA, CALIF., SATURDAY

After 16 years' residence at the Beach, Mr. and Mrs. George Hart of 4353 Newport have sold their home here and will move tomorrow (Saturday) to Lomita, Calif. The reason for the change is that Mr. Hart has been granted a promotion to wire chief of the Pacific Telephone and Telegraph company, for which he works, and is slated to take over the position in Wilmington. Of the three Hart children, only Jim and Carol will continue school at the new location. Keith was graduated from Point Loma High school some time ago. For the benefit of Ocean Beach friends who would like to write to the family, their address will be 2133 W. 256th St. Lomita, Calif.

LOCAL RESIDENTS URGED TO BE ON THEIR GUARD AGAINST PETTY THEFT

Ocean Beach residents are urged to be on their guard against petty theft and to be more careful to lock their buildings while absent from home. Several cases of petty theft, believed to have been done by children, were reported to the police last week, Harry Bowman informed The News. Articles stolen, he said, included a radio. He suggested that "residents seeing children playing with articles they have reason to believe may not belong to such children, that report be made to the police."

REV. BIESEMEYER RETURNS

Rev. Paul C. Biesemeyer of the Point Loma Methodist church is back in the pulpit again after a month's vacation. His parents, Mr. and Mrs. Charles Biesemeyer of Claremont, Calif., were guests at the parsonage here in mid-August. With them came his sister, Miss Eloise Biesemeyer, also of Claremont. The local minister then returned the visit, and came back to Ocean Beach Sept. 2.

Alexander Shirkey of 4956 Santa Monica Ave., former desk sergeant at the Ocean Beach police station, and Mrs. Shirkey, plan to leave here Sept. 16 for Albany, N. Y. He says he is making the move to go into grocery business in Albany with their son Richard. Shirkey is a veteran police officer, having served in that capacity for 27 years back East. He had been on duty at the local station for 2½ years, he says, up to July 1 this year, the date of his resignation.

Cliffs Residents Protest Open Sewer At Foot of Pt. Loma

A spokesman for a group of Sunset Cliffs residents this week informed The News that the group was planning action to have the city correct the "deplorable condition of the open sewer drain at the foot of Point Loma avenue." For some time there have been complaints about this outlet and one report states that several families have moved from the Sunset Cliffs area because of this unsanitary condition.

The group intends to ask the city to either remove the outlet or extend the pipe further out into the ocean. They have indicated that they will circulate a petition if necessary.
